The whole construction and decoration has to allow the consumption of a meal by 2 people. Floral material has to dominate over construction.
Technique	At participant`s choice.
Material	Material is optional. The table and other material is provided by participant according to his/her own conception. Each participant has to set up construction elements just before competition. Floral elements at the construction are not allowed.
Exposition	The task is realized directly at the stand. Each participant provides the proper lighting of his/her arrangement. A short information of the chosen football team should be displayed next to the arrangement.

Task 3

Time	60 min.
Task	Bouquet/decoration for a bride.
Theme	Wedding bouquet/decoration for a bride.
Description	Participant`s own choice.
Shape	As a bride is a member of a women's football team, she looks forward for a bouquet/wedding decoration referring to her sport activity. The bouquet or the bride`s decoration has to be arranged so that the bride can hold it or it can be fasten to her arm/hand. The form, design, colours and technique as well as the choice of flowers and other material is up to participant.
Technique	At participant`s choice.
Material	Each participant provides all the material according to his/her own conception. Technical preparation like waxing, wiring, taping etc. of plant material and other elements could be done just before the competition at the time given. Construction elements without plant material could be prepared earlier at the time given.
Exposition	The arrangement is prepared directly at the stand. Each participant should provide a holder or a platform to exhibit the bouquet/decoration. The holder is not judged. A drawing or a picture of an appropriate wedding dress should be placed next to the bouquet.

Task 4

Time	45 min.
Task	Surprise.
Theme	-
Description	Each participant is given the same set of materials: flowers, greenery and other elements. The subject is known just before the task. There is 10 minutes to “familiarize” with the material. Participants could use all the material given or only a part of it. There is obligatory to use material indicated by organizers.
